# DIMASI BATHROOM

Dalla decennale esperienza di MOMA Design nella lavorazione delle superfici solide per la creazione e produzione di arredobagno di design, l'Architetto Ignazio Di Masi presenta DIMASI BATHROOM.

Una linea di arredobagno innovativa, dai profili morbidi, fluidi e dai contorni puliti; dettagli ideali per quella clientela raffinata ed esigente che ama circondarsi di elementi di design anche negli ambienti più intimi e privati.

Più di un brand DIMASI BATHROOM è una filosofia, un nuovo modo di intendere l'eleganza e lo stile. File rouge dell'intera linea è una moderna sobrietà, che si declina in mobili inediti sviluppati a loro volta in colorazioni ricercate e finiture pregiate. Ancora, nuove forme e dimensioni plasmano vasche da bagno, lavabi free standing e d'appoggio e piatti doccia, rigorosamente prodotti in Corian® ed in White Stoneage®, materiale composito hi-tech a base minerale (bauxite) e polimera (poliestere e acrilici). Appartene alla categoria dei materiali Solid Surface garantisce, oltre a caratteristiche quali modellabilità, riparabilità ed igienicità, un effetto di elevata eleganza e bellezza per coloro i quali ricercano la purezza delle forme e delle linee.

DIMASI BATHROOM è una dichiarazione di amore per il design, per l'arredo e per il benessere della persona che il Designer ha voluto personalizzare con la propria impronta di progettista di interni.

È un brand trasversale, che punta alla semplificazione del linguaggio progettuale, del disegno e dei suoi oggetti, rendendo così accessibile a tutti il piacere ed il privilegio dell'arredobagno di alta gamma.
